Welcome to the
Folding Arm Awning Range

Our range of folding arm awnings are the perfect solution for temporary shade over a large area. Awnings can be fixed to any adjacent wall, support beam or surface that has sufficient torsional strength to support the weight of the extended arms.

Awnings can be Fitted with motors and a wind and sun sensor for complete automation.

Our folding arm awnings are available ready to install in seven standard sizes and 3 O'Bravia polyester colours. We also stock frames in these sizes that can be quickly made up with your choice of Dickson, Planosol or Sunbrella acrylic.

Alternatively if you need a size to suit your specific needs we can customise a folding arm awning for your site in lengths up to 12m long with up to a 5m extension.

We can also design a customised solution using high quality systems including Ziptrak® vertical drop blinds, huge retractable roof systems or Italian Drop Arm Awnings, contact us for a discussion and quote.
